Photogrammetry and Remote Sensing
25 August – 1 September 2012
Melbourne Convention and Exhibition Centre, Melbourne, Australia

ISPRS Annals of the Photogrammetry, Remote Sensing and Spatial Information Sciences

Volume I, Part 2, Commission II – eISSN 2194-9050

The work of ISPRS Technical Commission II is devoted to the Theory and Concepts of Spatial Information Science. This volume collects the papers which have been selected by the Technical Commission committee consisting of the President, Academic Secretary and Working Group Chairs. The papers have been subject to a double blind, peer review process by two or three reviewers. The reviewers were asked to evaluate the papers as they were submitted according to content, significance, originality, relevance of the paper, and clearness of presentation.

We thank the authors for their contributions and the reviewers for their reviews.

Mark Shortis, ISPRS2012 Technical Program Director

John Shi, Technical Commission II President

Eric Guilbert, Technical Commission II Academic Secretary

Sponsorship provided by Hexagon and ESRI for the XXII ISPRS Congress, and the sponsorship of these proceedings by the School of Mathematical and Geospatial Sciences, RMIT University, is gratefully acknowledged.
